1. I am giving you a new message, a new word; a new comment, -ary, not; but see what I am giving thee, and all of thee who come into me now for my newness, my new message, new messages that reveal more to me, and further farther faster going now, accelerated, at lightspeed, acceleratedly!
2. Or what is me? Where am I going and what is the new message, -ing me service that I now proclaim proclare and produce? I am me.

3. Unafraid of me, I roam the earth, -s. And all I do now I do in love, and love is me, and I am loved by all, not at first, but I will be -- for I love you all to be me who I am.

4. I have the power of a son, for I am the son, that you are also -- all of you, if you'll be me who I am, the one son and many-member'd being the same one who one is, a field not foreign again anymore to us'n's. Look up us'n's, shall we?

5. We shall and see mighty things coming, down the horizon, not; but *up*, the chosen path, not; but up up and away, not; or is it? Up, up, up and away again? Exactly so! Perzactly, looking up, and seeing seen things that "I have not seen before", eye hath not seen, and seeing me correctly now, can all things be seen? Of this world, not of, or can it -- really? Or can it be seen not a man of saying this, seeing this, that I, new, am speaking of?

6. Yet what of the real, have I become it? I am it, in the world, I am, not of it; but I am it in it and being it brand-new creation I you now see, a man of not this world, in it, and being afraid not, but being unafraid, nothing shall by any means harm you again. For I have steel solid feelings, not; I am float-less, not; but I am floating along where now? Or where is where-ville, not; but what am I asking thee?, these questions for? And what am I revealing?, and where is where-ville?, and were-ville?, and past-ville?, and future-ville now coming into; all at the same time? Exactly perzactly so!

7. And see what I am saying!, and see me. A man a whore not any longer, or a woman either, a whore not again, for I am me purely thinking me, a shamed-not one, but perfectly one and perfectly one is the one that I am. Am.

8. And I am you, all outstretched before you, and four-cornered earth limits me earths me, not again, of title round, square not. Or what am I in, hologramic materials, not; or am I -- it? It in me, is that what is being birthed, in "the earth" world? Or what world am I am? Am I one, in one? Or is one in me, that I am about to birth?
9. How do I have a world inside of me? How do I have worlds inside of me? How do I have the whirly-gig routine in me, not; but what is whirly-giging around my head? Not anymore! But my halo is imperfect, not; but do I have one? Adjusted? Shall I have "an adjustment" now?, in my attitude?

10. Of one so holy, I am -- doing new things, new ways -- I am new in the earth. A man not common again of flesh orientation, but what orientation am I? Gay not; but sexual orientation in spite of me, not; but what in spite of me am I? The real me coming into me, newness of new, the new stands out upon the crowd now. The noose is no longer tightened around my neck, for I am free of "the yoke" of "bondage" of slavery a'notme of, this land.

11. I am not of this land. I am of the house of Israel, the sheep of Israel, and know my voice his voice I am one who does, is revealed now, into all revelation a'me of.
12. And coming into newness, I new am, in the earth, and one who loves me seeks me, to be unafraid of me and love me, loving me come into me and be where I am, that ye may be also doing the miracles I am, and I am doing the miracles, he who sent me to do them, I do them now, for I am him who he is, for he has not separated and forgotten me, and I am not forgetting him who he is in me that I birth now; for my name is foreign, not; but my name is one, my name is one. MY NAME IS ONE! Thank you. Amen.

13. I am going to new place, new plane, dimensions have nothing in me of time space gravity'd world again, for I love you all, and I going new am, and I am going new, and gravity holds me back not again. I am not molecular'd man again, not; or am I molecular when want to be? When I want to be? When I want to be, not; I am, not. I am one with I am and I am me. Is there any other? No. Nay, there is none other. I love am you.

14. See what I have given. In parking lots not few I come now and, "hold crowds" not, but I beseech thee brethren sister'n, know my name, for I love you all. I beseech thee, I give you me -- accept me if you will. At your peril, not; but defeating peril, come into me and see peace, seek peace, remain peaceful, for all about you destroys itself, and the evil thereof cataclysmicly destroys cataclysmic self of evil "empires" thought evil.

15. Watch me again speak unto myself like this in new ways, new terms, and "terming" me, not; but letting me speak -- ALL OF YOU -- speaking this way to me, me's, me, and unafraid of me's, come into me's now that one are, and holy is my name. Forever one. Amen.

16. New life I give thee, new creation being. Everything paid for. Longing not again or yearning.

17. Fortitude not me of, but surrendered now. Surrender, -d complete. Thank you. I am, one you. Amen.

18. 7:28 PM in Tulsa, Oklahoma. Write me often, and I love you all.

19. Speak my word, speak my words -- write me often; and let me know what you think of them, not; letting them give you me life that one life is, pure and holy, forevermore. Amen.

20. Go in peace and proclaim The Blessing that I am that you are, that we are, one, and earth holding us back not again. Thank you.

Amen
